U.S. Must Watch Russia; President

Objective Still World Domination

WASHINGTON (AP)—President Eisenhower said Tuesday that while Russia is using a different tone in talk of peaceful coexistence, it must be watched very closely if this signifies an attempt to lull America into complacency.

Eisenhower said there is nothing to indicate a fundamental change in Soviet attitude, and it would be the greatest error we could make to lose sight of Russia's basic objective of world revolution and the dominance of a Communist, centrally controlled, world state.

He assured his news conference there is no tendency on the part of himself or Secretary of State Dulles to take anything for granted with respect to Soviet talk of peaceful coexistence.

At the same time he repeated something he has said many times — that whenever there is reason to believe anyone wants to talk earnestly or sincerely about peace, we will talk to them.

But the chief executive ruled out any Big Four conference, such as has been suggested for next May by Premier Mendes-France of France, until:

1. The Paris agreements for bringing a rearmament Western Germany into the North Atlantic Treaty Organization are signed.
2. Such a conference offers a promise of real fruitfulness.
3. There is time to prepare for a conference.

Eisenhower took his position that America must continue to be alert, vigilant and strong, while Russia sounds the coexistence note, in response to questions pegged to a speech last week by Senate Republican Leader Knowland of California. Knowland told the Senate there is a danger that Russia is

U.S. Considers Big Aid Program For Anti-Red Asia

WASHINGTON (AP)—Administration officials reported to be considering a big new foreign economic program which may lead to the investment of billions of dollars in underdeveloped countries of the world, notably in non-Communist Asia.

The project is regarded here as activating, in effect, a new front in the struggle with the Communist powers for lands threatened by subversion and political aggression.

Some basic recommendations for operations in the new field may come before Christmas from Joseph M. Dodge, former budget director, Detroit banker and government adviser on various economic and financial problems over many years.

Dodge has been assigned by President Eisenhower to study the government's overall economic policies and come up with some recommendation for action. It was learned reliably that the problem is under active consideration in other departments of the government.

One fact reportedly emerging in the studies is that there is great opportunity and, from the political and military point of view in the cold war, great need for a new era of economic progress in South and Southeast Asia.

This progress, it is felt by some authorities here, can only be made by substantial American capital investment in power dams, factories and farm and other developments which add up to industrial progress and higher standards of living for people.

ANNOUNCE TUBELESS TIRE

NEW YORK (AP)—The Fisk division of United States Rubber Co. Tuesday announced a new tubeless tire with greatly increased resistance to blowouts and punctures.

The company said special construction gives the tire exceptional ability to retain air—every individual cord is saturated with a heavy latex solution. If the tire is penetrated by an object, the liner tends to squeeze it, preventing rapid loss of air and permitting the motorist to drive miles before the tire goes flat.

Regal, Awe-Inspiring Splendor Surrounds Vishinsky In Death

NEW YORK (AP)—More than 2,000 New Yorkers and scores of diplomats viewed the body of Andrei Y. Vishinsky Tuesday before the start of his last journey home to Moscow and a hero's funeral.

Once an obscure diplomat and later the chief prosecutor of a Stalin blood purge, Vishinsky in death was surrounded by a pomp more often seen at the bier of royalty than that of a professed proletarian.

In an atmosphere of quiet splendor, the body of the Soviet Union's chief delegate to the United Nations lay in state before mournful Russians, respectful diplomats and the curious stares of New York's public.

In honor of Moscow's chief mouthpiece for the outside world, Soviet diplomatic staff members and staffs of nations dominated by the U.S.S.R. filed into the elaborate second floor reception room of the Soviet Union's luxurious Park Avenue headquarters. All were solemn and some were sobbing.

Diplomats of other United Nations stood silently before the bier with the solemn respect required by protocol. Even the public, in a city of people not easily impressed, found the setting a bit awe-inspiring.

Vishinsky's elaborate copper coffin was placed atop a blackdraped rectangular wooden platform on a pillow of white satin. The lower half of his body was draped with brilliant crimson. The upper half, in view, was clothed in black. His hands folded on his breast, Vishinsky looked little like the "venomous old goat" once pictured by an American congressman. But for some reason his head was far back on the pillow and his chin tilted high, as if in a final, imperious gesture.

A knot of about 20 Russians, evidently members of his staff, stood vigil, taking turns at standing beside the bier, two to a side. They were garbed in black or somber shades, and their left arms bore crimson bands of mourning. Floral tributes all bore red ribbons emblazoned in gold letters with Vishinsky's name.

The atmosphere was hushed. Downstairs the black-garbed Russians who guided the proceedings spoke only in whispers as they directed "accredited" visitors to an anteroom to sign a register, and then gestured them up the elegant staircase. Among these visitors was Paul Robeson, singer lionized by the Communists.

NATO forces, he continued, now are three to four times as large as when NATO was first established and from the standpoint of effectiveness are "more powerful still." But, he added, the West still lacks enough strength to meet an all-out aggression.

When West German troops join NATO, Gruenther said, "we shall feel we shall have a reasonable good probability of being able to defend Western Europe against an all-out act of aggression."

Gruenther also said: "The Soviet air force numbers about 20,000 planes, half of them fighters. The divisional strength of the Russian satellite countries has increased from approximately 50 to between 70 and 80."

REDS TO FREE CANADIAN AIRMAN
OTTAWA (AP)—The Royal Canadian Air Force said Tuesday it has been advised Squadron Leader A. R. MacKenzie of Montreal will be released Sunday, Dec. 5, by the Chinese Communists.

MacKenzie, 34, was shot down in December, 1952, while flying in the Korean War. He will be released at the border of Hong Kong, British crown colony, the RCAF said.

Henry Withdraws Name As Candidate For U.I. President

CHICAGO (AP)—Dr. David Dodds Henry, leading candidate for the presidency of the University of Illinois, withdrew his name from consideration Tuesday.

Henry, executive vice chancellor of New York University and former president of Wayne University in Detroit, said he took the step because a "deplorable" condition has developed in the process of selection.

"The search for a new president, which began on the highest professional and ethical level, has degenerated into a process of public review which repudiates the board's own procedural method," he added.

Henry was the choice of several committees appointed to aid the University Board of Trustees in selection of a new president to succeed Lloyd Morey, the interim head whose term will expire next Sept. 1.

Morey was named to the post after the resignation of Dr. George D. Stoddard in July 1953. Stoddard quit after the trustees failed to vote confidence in his administration.

Herbert B. Megran, president of the trustees, said the board will decide at a meeting Monday what its next move will be.

He said 225 names had been suggested from various sources as potential candidates for the post.

Megran said he is "greatly disappointed" over Henry's decision and that the board "preponderantly" favored him for the office.

Soviet Military Might Increasing: Gen. Gruenther

LONDON (AP)—Gen. Alfred M. Gruenther said Tuesday the "military potential of the Soviet bloc is increasing constantly."

The supreme commander of the North Atlantic Treaty Organization told the Constitution Club the effectiveness of Soviet forces was "going up considerably," although their size still was approximately the same as when Gen. Eisenhower took over NATO command four years ago.

"What is going to be done with these forces we don't know," he said. "We are certain the only thing for the West is to build forces which will make aggression impossible or at least unprofitable."

NATO forces, he continued, now are three to four times as large as when NATO was first established and from the standpoint of effectiveness are "more powerful still." But, he added, the West still lacks enough strength to meet an all-out aggression.

When West German troops join NATO, Gruenther said, "we shall feel we shall have a reasonable good probability of being able to defend Western Europe against an all-out act of aggression."

U.S. Protests Red China Condemning 13 Airmen

Sentenced To Terms Ranging Up To Life

LONDON (AP)—Thirteen Americans who dropped out of sight on aerial missions against the Communists in the Korean War were sentenced by a Red Chinese military court Tuesday to prison terms ranging up to life on spy charges, the Peiping radio announced.

Nine Chinese, called "former officers of the Chiang Kai-shek gang," also were sentenced to life imprisonment and one to death, four to 15 years—as American spies in the same case on a charge of jeopardizing Red China's security.

Col. John Knox Arnold Jr., of Silver Springs, Md., was the highest ranking of the prisoners listed in broadcasts by the mouthpiece of Mao Tse-tung's Red government. The commander of a B29 shot down Jan. 12, 1953, he drew 10 years.

The second in command of the B29, Maj. William H. Baumer, 32, of Lewisburg, Pa., was sentenced to eight years. And nine others of the crew — Peiping said three died in the 1953 crash — were given terms ranging from four to six years.

Heavier sentences fell on two young New Englanders who the Chinese declared were captured Nov. 29, 1952, while dropping supplies to "American espionage agents in northeast China." John Thomas Downey, 24, of New Britain, Conn., a cousin of the nationally known singer Morton Downey, was condemned to life imprisonment, the Peiping account said, and Richard George Fecteau, 27, of Lynn, Mass., a former Boston University football player, got 20 years.

Downey and Fecteau were described as "special agents of the U. S. Central Intelligence Agency," assigned to train and equip Chinese

Choose Design For Bird Stamp

WASHINGTON (AP)—A sketch of three blue geese, dropping down on a body of water surrounded by marsh grass, was chosen Tuesday as the design of next year's migratory bird stamp.

Judges in the Fish and Wildlife Service picked the sketch by Stanley Stearns of Birmingham, N.Y., from among 93 submitted by artists from all sections of the United States.

The picture will appear on the annual migratory bird stamp to be placed on sale at postoffices next July 1. It is a required purchase by migratory bird hunters over 16. Proceeds from the \$2 sale price are used to buy and operate wild life refuges.

BOHLEN ARRIVES IN U.S.

WASHINGTON (AP)—Charles E. Bohlen, U. S. ambassador to Moscow, arrived in Washington Tuesday for what he called "normal consultation." He smilingly brushed aside reporters' questions about U. S.-Soviet relations.

Lift 20-Ton Slab To Reveal 5,000-Year-Old Funeral Boat Of Egyptian Pharaoh Cheops

CAIRO, Egypt (AP)—Chanting Egyptian workers raised a 20-ton limestone slab Tuesday from a crypt in the shadow of the Great Pyramid and gave the first good glimpse of the 5,000-year-old funeral boat of the Pharaoh Cheops.

The workers were in a festive mood amid the creaking of pulleys. Soon the great boat of Lebanon cedar became visible in its narrow chamber to the crowds of diplomats, scholars and journalists who came for the great uncovering.

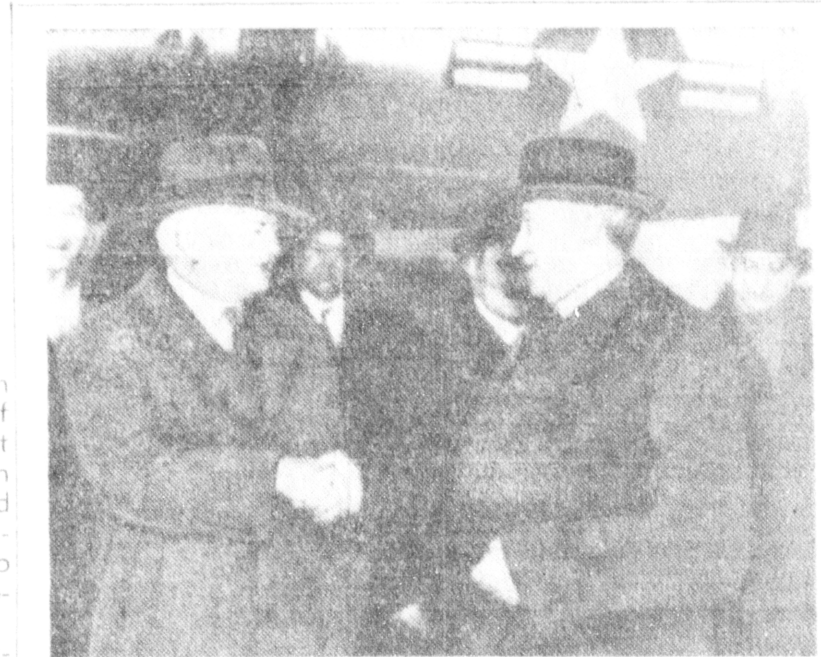

The boat's stylistic flower-shaped wooden prow had been removed and laid inside, leading observers to believe the boat originally was about 120 feet long, rather than the 110-foot length of the chamber in which it was entombed.

Also visible to those who peered down through the new opening

was a perfectly preserved 300-foot coil of rope, possibly for towing the boat on the after-death journey. The deck house apparently had been dismantled to fit the boat into its crypt.

Those who bent over the opening got a whiff of the faint aroma of cedar arising from the still remarkably preserved structure which had lain for centuries undisturbed by man until its discovery earlier this year by an amateur archaeologist, Kamal el Mallakh.

It still had not been determined whether this was a solar boat, built especially for burial so that the dead Pharaoh would have a regal vehicle in which to spend eternal after-life following the sun, or was one of the ancient ruler's Nile River barks, buried as part of his property according to the custom of those times.

HOOPER VISITS GERMANY—West German Chancellor Konrad Adenauer, right, greets former U. S. President Herbert Hoover on the latter's arrival at Bonn, Germany. Chancellor Konrad Adenauer Tuesday night praised former President Herbert Hoover as a great American who helped pave the way for West Germany's recovery from the ravages of war.

In an address at a formal state dinner given in Hoover's honor at the Federal Chancellery, Adenauer lauded the former President's efforts to win American backing for the economic recovery of West Germany after World War II.

The 80-year-old Hoover is visiting West Germany at the personal invitation of the 78-year-old Chancellor.

Churchill Tells Plan To Rearm Germany At Close Of War II

WOODFORD, England (AP)—Prime Minister Churchill disclosed Tuesday night he had made plans to rearm the surrendering Germans in the closing days of World War II "if the Soviet advance into Western Europe continued."

The Prime Minister's remarks came almost casually at a birthday party given for him by his supporters in this suburban town, which he has represented in Parliament for 30 years. Churchill will be 80 on Nov. 30.

Without elaborating, he said: "Even before the war ended, and while the Germans were surrendering by hundreds of thousands, I telegraphed Lord Montgomery directing him to be careful in collecting German arms and to stack them so that they could easily be issued again to the German soldiers with whom we should have to work if the Soviet advance into Western Europe continued."

Churchill spoke from notes but weighed his words carefully. He said he wanted to "tell the story plainly and bluntly."

He was underlining his long-time suspicions of the Russians — especially Stalin, whom he denounced as being "carried away by the triumphs of victory and acting as if he thought he could secure for Russia and communism the domination of the world."

Referring to the recent pact calling for rearming West Germany, Churchill said: "Certainly, if anyone when Germany surrendered unconditionally had predicted that we should be Allies within 10 years, very few people would have believed them here and still fewer over in America."

This vast reversal of British, American and of European opinion was brought about only by the policy of Soviet Russia itself and above all by Stalin, the dictator."

Churchill led up to his remarks on using Germans in the closing stages of World War II by saying: "I believe I was the first well known person publicly to state the fact that we have to have Germany on our side against Russian Communist aggression."

Field Marshal Lord Montgomery, visiting the United States, was told in New York about the Churchill disclosures.

"Quite true," Montgomery said. He added he had received the orders from Churchill "as a soldier, and I always obey orders."

Under cross-examination, he conceded that just because he couldn't discover any prints didn't mean no fingers ever touched anything. He said they could have been obliterated by sneezes or have been too meager to evaluate as fingerprints.

VETERANS TO RECEIVE INSURANCE DIVIDEND

WASHINGTON (AP)—The Veterans Administration Tuesday announced it will pay a 226 million dollar insurance dividend to veterans next year.

Holders of approximately five million participating term and permanent plan policies under the World War II National Service Life Insurance program will receive 200 million dollars.

The remaining 26 million will go to holders of approximately 380,000 permanent plan policies under the U. S. Government Life Insurance Program of World War I.

Payments will be made shortly after the anniversary date of each policy, beginning in January and ending in December 1955.

Because of recent changes in the mortality and disability experience, VA said changes will be made in various individual dividend rates for the 1955 payments.

Claim Charges Utterly False

WASHINGTON (AP)—The United States strongly protested Tuesday night Communist China's condemnation of 13 Americans to prison terms on what the State Department called "trumped up charges."

A State Department spokesman told newsmen the American consul general at Geneva, Switzerland, is being instructed to make "the strongest possible protest" to the Chinese Communists.

The Red Chinese decision was labeled in the State Department statement as "further proof of the Chinese Communist regime's disregard for accepted practices of international conduct."

Simultaneously, the Defense Department issued a statement calling the Chinese charges "utterly false."

The State Department acted through Geneva because that is the only official contact the United States has with Peiping. It was set up during the Far East conference at Geneva.

Besides saying the 13 Americans were condemned on trumped up charges, the department contended the imprisonment of the two civilians among the 13, John Thomas Downey and Richard George Fecteau, was deliberately concealed during the Geneva conference last May.

"Today is the first word we have had that they are being held by the Chinese Communists," the statement said.

Downey and Fecteau were civilians employed by the Army.

The Defense Department in its statement said the Peiping radio announcement of the sentencing "illustrates again the bad faith, insincerity and amorality which have characterized" the Peiping regime's conduct throughout its international relations.

Because of its low opinion of Red China's actions in the past, the United States has refused to recognize it as a legitimate government and has fought all efforts to admit the Communist regime to the United Nations.

The Defense Department said the 11 airmen who were sentenced were on a "routine flight near the Yalu River when they were shot down Jan. 12, 1953."

It said the "Communists' charge that these men are 'political prisoners' is palpably false."

As for Fecteau and Downey the Defense Department said:

"They were authorized passengers on a routine flight from Seoul to Japan in a plane which was under military contract to the Far East Air Force. The search instituted at the time failed to produce any trace of the plane and Downey and Fecteau were presumed to have been lost. It is now apparent from the Peiping broadcast that they were captured and as in the case of the other 'political prisoners,' they were refused repatriation in violation of the armistice."

EDUCATIONAL REVOLUTION

A quiet revolution, accompanied only by the hum of the motion picture projector, is under way in the nation's schools.

Educational films, once as much of a novelty as an entertaining commencement address, today are becoming a staple in countless classrooms across the country. Most of their mushrooming growth has occurred since World War II.

Though what the educators call audio-visual education is now 25 years old, it was the war which gave these techniques their big push toward wide use in schools. Millions of men had to be taught in a hurry—and taught well. So films were heavily and successfully relied upon.

The experience evidently was an eye-opener to movie makers. In fast-growing states like California, the movie projector proved a lifesaver. In many others, its value became increasingly apparent.

Educational authorities came to regard films not as a lunchtime treat or an occasional supplement to the schooling process but as an integral part of teaching. Some undoubtedly would go so far as to say an indispensable part.

There seems no doubt of the teaching effectiveness of sound films when they are widely used. They need only to be fitted naturally and easily into the regular course of instruction. In some fields, other methods of instruction could not possibly match the visual treatment.

Today's films range over such varying topics as atomic energy, constitutional checks and balances, Newton's experiments with gravity, the workings of the inner ear, how the laws of heredity operate, and so on.

Actually, there aren't enough film prints available in most cases to meet the swelling demand. Big city school systems can exhaust the supply quickly. Some states and cities have libraries from which schools can rent films. But a more satisfactory practice seems to be the growing habit of pooling film resources of five to ten schools to permit more frequent showings of the most useful pictures.

An affiliate of Encyclopedia Britannica makes about 70 films a year, more than any single Hollywood studio, and it now has a catalogue of more than 750. But these and other efforts still fall short of filling the market.

If the judgments of our best professional educators are good, then this clamor for educational films is just about the healthiest thing that has hit the schools in many a day. Particularly at a time when the nation's school system suffers from too many inadequately trained teachers, the value of expertly produced films is abundantly clear.

Funds for improvement of the schools aren't easy to come by these days. But, whatever new money can be turned up, some of it ought to find its way into expansion of educational films. They're making some of the most cheerful news to be found in our hard-pressed classrooms today.

The World Today

By JAMES MARLOW

WASHINGTON (AP)—French Premier Pierre Mendes-France made a good impression on official Washington by saying what the United States wanted to hear: he was for European unity; he was for rearmament; he was for Germany; and he stiff-armed Russia.

The Russians, who handled the French Premier gently when he seemed a chance he might steer a middle course between Moscow and Washington, reacted to his statements here by blasting him Monday before he started home.

He came here to discuss problems between this country and France. If he also came to win American good will and good publicity to strengthen his hand at home, he was successful.

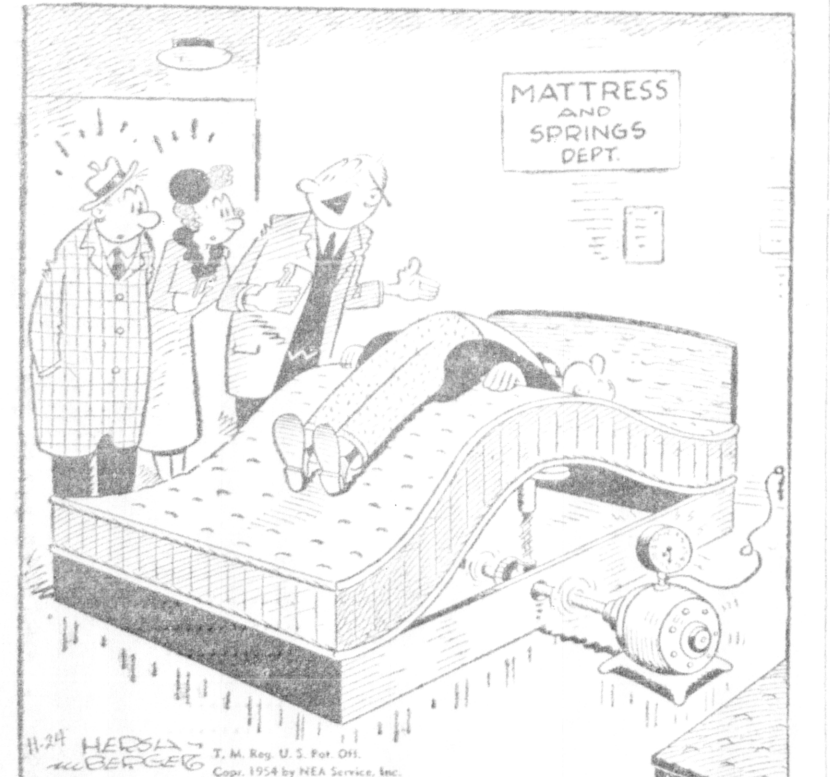

Mendes-France became premier in June. The history of French premiers since the war looks like the accident chart in a hospital receiving room: one after the other fell. They went down under the mercenary factionalism of France's many political parties.

To survive long enough to give France a sense of direction and a new grip on life, he will need all the strength he can find. He is far from firmly in the saddle yet. His tests in the French Assembly lie ahead.

Most people can't stand prosperity, but most of them don't have to.

FUNNY BUSINESS By Hershberger

Boyle's Column

By HAL BOYLE

KEFLAVIK AIRPORT, Iceland (AP)—Sometimes the international air tourist of today doesn't always come down where he planned to. The vagaries of wind and weather still influence the big winged covered wagons he flies in and on occasion they combine to land him for a free look at a country that wasn't part of the trip he scheduled.

Your timetable tourist may get peevish at this and regard it as a conspiracy against his vacation program. Those who regard travel as a form of adventure in itself, however, will accept the situation as an unexpected bonus.

So I felt fortunate that strong headwinds—and a wheel broken in landing—gave me a chance to land at this northern U. S. airbase and see my first sunrise on Iceland.

Our big Sabena DC6 plane, after taking off from Brussels, was supposed to pause at Shannon in Ireland before proceeding on to New York. But to avoid powerful Atlantic headwinds it curved northward to refuel here.

We skimmed to a perfect landing, but as we rolled across the frigid field there was a sudden loud crack. It sounded as if we had merely crumpled a patch of ice.

But when we alighted the captain immediately went to one of the wheels and discovered it had snapped. As two big wheels are paired on each side against just such an emergency, the danger, if any, had been slight.

A couple of businessmen were still grumbling a bit about the delay, even after breakfasting well in the terminal on bacon, eggs and steaming coffee. It was no consolation to them that Christopher Columbus had had a considerably rougher time on his voyages.

On the other hand a group of elderly tourists, returning from a three-month tour of Africa, were quite gay and cheerful. An 87-year-old retired California banker and his wife wanted to organize a quick tour to see the sights of Reykjavik, Iceland's capital.

An American Air Force corporal, stationed at the base here, waved his hand at the polar darkness outside and advised:

"Don't bother. There's nothing to see."

Soon the Arctic sun—there is only 6 to 8 hours of daylight this time of year—poked wanly above the horizon, then gleamed like a white bonfire across the fields of snow.

"Look quick or you'll miss it," laughed the corporal.

"The plane is ready," announced a stewardess.

As we climbed aboard, the aged banker yawned then peered excitedly around at Iceland, a country he had never seen in his 87 years and probably would never see again. But in his pockets were some postcards to prove he'd been there.

Adventure over. Next stop Idlewild, New York City.

In Hollywood

By BOB THOMAS

HOLLYWOOD (AP)—A film studio is gambling two million dollars on the hope that audiences will buy tickets to hear sermons and to see the life of a remarkable preacher.

Twentieth Century-Fox is making "A Man Called Peter," the biography of the late Peter Marshall, famed Presbyterian minister. This is a far cry from the studio's other Cinemascope offerings, which have specialized in sex and spectacle. Perhaps the studio feels as many do that it's time the big screen said something.

Producer Sam Engel spent more than a year working on the script, which was written by Eleanor Griffin, Academy Award winner for "Boy's Town." He insisted on keeping large hunks of the minister's sermons in the film.

The sermons are designed to occupy 20 minutes in the entire film, and one lasts a full eight minutes. Just in case the public won't go for such big doses, the scenes have been designed so the sermons can be cut. But the studio hopes that won't be necessary.

I visited the set and met Richard Todd, the Dublin-born actor who is portraying Marshall. He had never known of the preacher before the film came up, but has since learned much of his life from friends and Marshall's widow Catherine, who wrote the best-selling book.

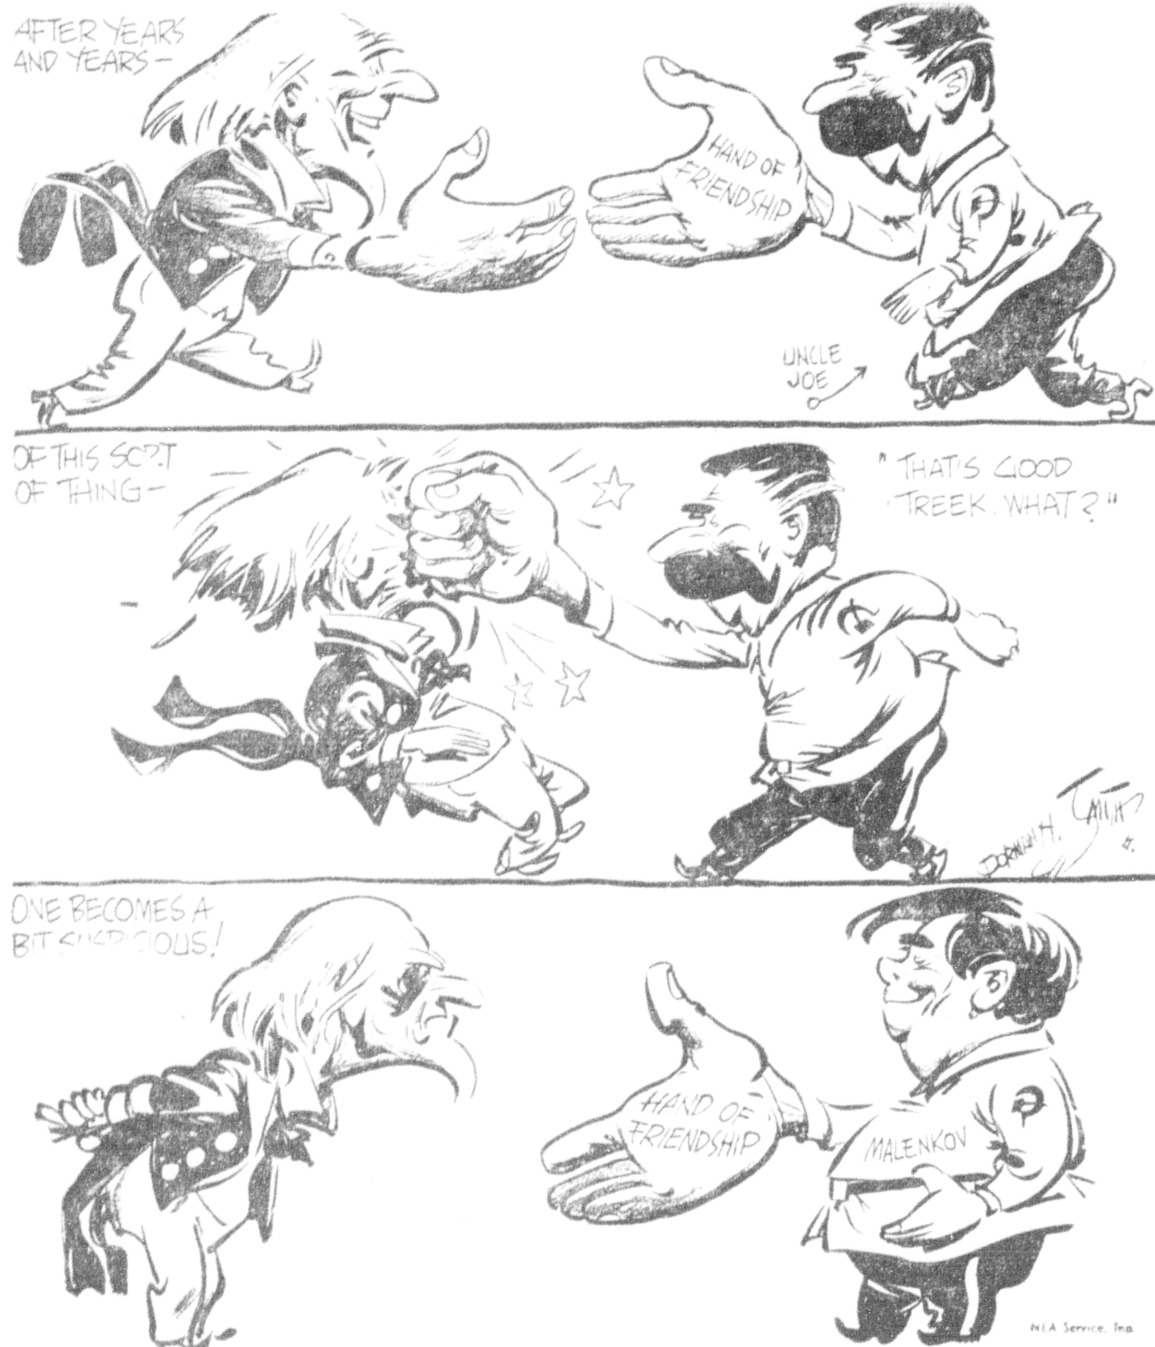

He was a truly remarkable man, Todd remarked. "Apparently he had none of the superficial manifestations that many churchmen adopt. He was a vigorous man, to whom religion was a very real and living thing."

He said that the movie would begin Marshall's life as a boy in his native Scotland, where he was born in 1902. It will show how the boy educated himself and came to America at the age of 25.

Marshall achieved fame for his powerful sermons at the New York Avenue Church, which was Lincoln's church in Washington. From 1947 until his death, he served as chaplain of the Senate, making a powerful impression on the lawmakers.

Now Is the Time to Make Christmas Fruitcakes

RICH, HANDSOME AND DELICIOUS this Brazil nut fruitcake costs only 42 cents per pound to make.

By GAYNOR MADDOX

NEA Food and Markets Editor

We just received a rich beautiful fruitcake from Martha Stewart, Tipper who grew up in Fayette, Mississippi. Her mother used to start working on Christmas fruitcakes six weeks in advance. The children sat by the fireplace at night, putting raisins, sliced citron and chopping nuts. It was a regular family production. Mrs. Tipper, distinguished home economist, said as we cut into her really outstanding cake.

Here's her recipe. It cost only about 42 cents a pound to make.

Brazil Nut Fruitcake
(Yield: 41 pounds fruitcake)

One and one-quarter cups shelled Brazil nuts, 3 ounces finely cut candied orange peel, 6 ounces thinly sliced citron, 75-ounce package pitted dates, finely cut, 2 cups raisins, 1 cup currants, 1 cup well-drained maraschino cherries, 2 cups sifted all-purpose flour, 1 teaspoon baking soda, 1 teaspoon salt, 1 teaspoon cinnamon, 1 teaspoon allspice, 1 teaspoon ground cloves, 1 cup shortening, 1 tablespoon grated orange rind, 1 cup finely packed brown sugar, 4 eggs, 3 tablespoons unsulphated molasses, 1 cup orange juice.

Cover nuts with cold water and bring slowly to a boil and boil three minutes or until the nuts can be sliced easily. Drain and cut in thin, lengthwise slices. If desired, reserve perfect slices for decorating top of cakes. Combine remaining nuts in bowl with orange peel, citron, dates, raisins, currants and cherries.

Sift together flour, baking soda, salt and spices; mix 1 cup with the fruit and nut mixture. Cream shortening with orange rind in large mixing bowl; add brown sugar and cream well. Beat in eggs one at a time. Combine molasses with orange juice and add alternately with dry ingredients to shortening mixture. Mix in prepared nuts and fruit.

Turn into 4 loaf pans 6x3x2 inches or 4 6-inch round pans or into a 10-inch tube pan, which have been greased and lined on the bottom with waxed paper. To decorate cakes, arrange nut slices to form flowers; press additional cherries in center. Bake in very slow oven (275 degrees F.) 1 hour and 30 minutes for loaf pans and round pans, and 2 hours for tube pan. Remove from oven and brush with glaze.

Fruitcake Glaze
One tablespoon light corn syrup, 2 tablespoons brown sugar, 2 tablespoons water, 2 teaspoons lemon juice.

Stage Is Loaded With People Seeking to Slay Communism

BY PETER EDSON

NEA Washington Correspondent

WASHINGTON (NEA)—It seems that everybody wants to get into the anti-Communist act through some kind of new organization.

The shower of press releases, petitions and prospectuses which rains down on Washington desks these days is now falling thicker and faster than autumn leaves. No mail is complete, it seems, without its brochure from some letterhead lobby that claims to have the exclusive answer on what's wrong with the world, and the never-fail formula for fixing it up good.

These organizations run the gamut from the soundly conceived to the slightly screwy. But according to their literature, they're all nonpolitical, nonsectarian, nonprofit and educational in purpose, with a coupon down the bottom where you sign your name for membership and remit \$5 for dues or \$500 for a sustaining sponsorship.

Most Recent Of These organizations to appear is the Ten Million Americans Mobilizing for Justice. It was announced without the financial coupon, but with a long blank petition form for joiners to go to work on.

Purpose of this organization is to get 10 million signatures in support of the financial coupon, but with a long blank petition form for joiners to go to work on.

As with every organization, it is necessary to have one or more Big Names to head it up. Ten Million Americans fairly glitters with brass.

Lt.-Gen. George E. Stratemyer of the Air Force, Lt.-Gen. Pedro A. del Valle of the Marines, Adm. William H. Standley and Rear Adm. John G. Crommelin of the Navy and four-star Gen. James A. Van Fleet of Greek and Korean war fame.

A Much More Militant-Sounding organization is "The Patrick Henry Congress." Its bluntly stated purpose is "To Attack Soviet Russia Now" in spite of the fact that President Eisenhower, Secretary Dulles and most every other prominent figure has come out against preventive war.

But Carl Magnus Armfelt of Washington, organizer of the Pattons and prospectuses which rains down on Washington desks these days is now falling thicker and faster than autumn leaves. Says Cancer Group Trying To Destroy Tobacco Industry

NEW YORK (AP)—The president of the Reynolds Tobacco Co. accuses the American Cancer Society of attempting to destroy the tobacco industry.

This accusation was made by E. A. Darr, who heads the firm which manufactures Camel, Winston and Cavalier cigarettes, at a luncheon Monday.

It was the first time an executive of a tobacco company has singled out the society for criticism and the Wall Street Journal said this was interpreted as a tip-off that cigarette makers will fight further efforts to link cigarettes and lung cancer.

Darr, addressing a luncheon meeting of the Security Analysts' Assn., declared the society first adopted a "guilt by association" method of blaming cigarettes for lung cancer.

He said that in 1933 the society had, so to speak, placed cigarettes at the "scene of the crime" of lung cancer.

By June 1954, he said, it was claiming some association between smoking and lung cancer. Then in October, he added, society spokesmen said there was a definite association between the two.

Said Darr: "The American Cancer Society has decided to put all its eggs in one basket and to destroy the cigarette industry."

Darr added: "It may find that the basket has no bottom to it."

Society officials said they had not yet seen Darr's statement and would have no comment until they could look it over.

Earlier in Philadelphia, Dr. Clarence C. Little, chairman of the tobacco industry's research committee, said his group "must be shown" any possible relationship between cigarette smoking and lung cancer.

Says Chinese Food Will Keep Person Slim

By DOROTHY ROE
Associated Press Women's Editor

One good way never to get fat is to eat Chinese food, says Florence Pike, a Bostonian who owns one of New York's most successful Chinese restaurants.

Mrs. Pike got into the restaurant business somewhat by accident. She started her business career as a house wrecker, helping her father, Myron Darrish, whose boast was that he was the first building wrecker in New England.

Florence Pike has been presiding over the exotic Oriental dishes served up in midtown New York for 20 years. As to the dietary values of Chinese food, she says: "You seldom see a fat Chinese. One reason probably is that no bread or potatoes are served with Chinese meals, and in China they use no butter, milk, cream or cheese, because of the scarcity of dairy products. They use bean curd instead, and get the vitamins in their diet from other things, such as the soy sauce and the crisp green vegetables used in Chinese dishes. Sauces are thickened with rice flour, with the starch removed, so the food is remarkably low in starch and fat, high in protein and vitamins."

Mrs. Pike also has a word for those cynics who keep saying that chop suey is strictly an American dish, unknown in China. Says she: "In China chop suey is a sort of a leftover dish. The Chinese housewife saved her leftover vegetables and the next day makes a kind of vegetable hash out of them. 'Chop' means vegetables and 'suey' means water. So chop suey is vegetables cooked in water."

The Chinese housewife knows how to cook vegetables to retain all their vitamins, points out Mrs. Pike. She says: "The secret of Chinese cooking is that food is never overcooked." American housewives are learning to cook Chinese recipes, says Mrs. Pike, now that such ingredients as bean sprouts and water chestnuts are available in cans. And to take advantage of this trend, she is presently engaged in writing a Chinese cook book.

Landlord Shares Win With Tenants

CHICAGO (AP)—A Chicago landlord who won \$500 in a home modernization contest is sharing his prize with his tenants.

Albert Chojnacki, who owns and lives in a four-story South Side apartment building, kept \$125 of the prize money.

"I may use that for new storm windows in the building," he told his tenants Monday.

He gave Mr. and Mrs. Nick Frisco \$250 and \$125 to his other tenants, Mr. and Mrs. Walter Pollard. Both families helped the landlord in improvement projects on his building which helped him win the prize money.

OPPOSITION PUBLISHER ARRESTED

Interpreting The News

By J. M. ROBERTS
Associated Press News Analyst

French Premier Mendes-France came to the United States last week under a cloud, by the weekend he had begun to shine as few visiting diplomats have in recent years, and then Monday he went into another partial eclipse.

The first big thing he did was to ally widespread fears about his sincerity in connection with the rearmament of West Germany under the Western European Union. The Russians are not going to stop this time by offers of empty negotiations, he said.

To emphasize it, he and Secretary Dulles worked out a post-conference communiqué which, when the Russians offered on Saturday to postpone their proposed conference if the West would postpone WEU, had their negative answer all ready.

Then on Monday Mendes-France made two statements before the United Nations which sounded all right but faded quickly under close scrutiny.

He said France would be willing to take the lead for a four-power conference on European settlements in May, after WEU had been finally ratified.

And, in pointing out that WEU takes an important step toward arms limitations by providing controls for one larger group of nations, he said France would not look askance if Russia wanted to do the same thing in her sphere provided the limitations principle was the same.

After initial approval of a post-ratification parley, officials began to realize that May would be too soon.

It would put the Allies into negotiations in a fashion which they had just said they would not permit — before their new position of strength was truly established.

Ratification of Western European Union is one thing. Until implemented, it is a theoretical thing. The fact of German rearmament, which cannot even begin until after that, is another thing. It, not paper agreements, will present the Russians with a situation the Allies have always hoped would bring them to realistic negotiations instead of meetings for propaganda purposes.

A conference in May would present the Kremlin with the same thing it seeks today — an opportunity to throw new monkey wrenches before rearmament is actually a fact. The United States is prepared to start moving in arms quickly. But mobilization from scratch is another thing.

U. S. High Court Gives Blessing To Slum Clearance

WASHINGTON (AP)—The Supreme Court, in a broadly worded decision giving its blessing to slum clearance projects, said Monday federal and state legislatures have "well-nigh conclusive powers" to combat the problem of blighted areas.

Speaking for a unanimous court, Justice Douglas said that in wiping out slum areas, property may be taken which is itself "innocuous and unoffending." It is not the function of the courts to consider redevelopment projects on a piece-meal basis—lot by lot and building by building, Douglas said.

"Subject to specific constitutional limitations," his opinion said, "when the legislature has spoken the public interest has been declared" in terms well-nigh conclusive.

In effect, Douglas said the Supreme Court will not interfere if there is a fulfillment of the constitutional requirement that "just compensation" be paid for property taken.

COAL, STEEL PLAN APPROVED

LUXEMBOURG (AP)—The European Coal and Steel Community's Council of Ministers has unanimously approved a plan to associate Britain's two basic industries with the six-nation organization. The ministers okayed a British proposal to set up a joint board to consult on common policies in the marketing of coal and steel.

Educators From Jacksonville At State Sessions

School finances and the problems created by continued increases in student enrollment are receiving a major share of attention from 1,500 Illinois education leaders meeting in Chicago this week. The sessions opened Sunday and closed Tuesday.

The schools of District 117 were represented by Supt. J. A. Mann, J. Merle Wade, administrative assistant; T. C. Rammelkamp, J. Harry Dowland, Mrs. Alice Engelbach, and John C. Bomke, members of the board of education.

In 18 workshop sessions, the delegates, members of the Illinois Association of School Boards and the Illinois Association of School Administrators, tackled such problems as how to meet the need for approximately 4,000 new classrooms in 1955, state aid to schools, school reorganization, tax rates, teaching the handicapped, and other problems. Delegates also inspected exhibits of new school equipment and supplies, assembled in 10,000 sq. ft. of displays by 55 companies.

Dr. Harold P. Clark of Columbia University, a world leader in correlating the relation of education to a country's economic welfare, spoke to the conferees at their Monday evening banquet on "Potential Resources in Education."

Public Farewell Reception Sunday For Klinkermans

A public farewell reception will be held Sunday afternoon, November 28, for Reverend O. J. Klinkermans, pastor of the Salem Lutheran church and his family. The hours are from two to four in the afternoon at the new Salem Lutheran School.

The reception will include friends of the family members as well as all members of the congregation.

Reverend Klinkermans has been pastor of the Salem Lutheran church for the past six years. On December 1 he is assuming the duties as director of public relations of the Bethesda Lutheran Home at Watertown, Wis.

Mother, 3 Tots Die In Blaze

LOUISVILLE, Ky. (AP)—A 45-year-old mother and three children burned to death last night in a fire that destroyed their two-room home near here.

Three other children were hospitalized with severe burns. Their father, John Everett Dean Sr., 45, escaped with minor burns.

The fire apparently started from a kerosene stove.

Mrs. Pansy Dean and three sons, John Everett Jr., 17, Henry, 12, and James, 8, were overcome by smoke and flames as they apparently sought to reach a rear door.

NEW MONEY MAKERS ARE HERE FOR '55

New Ford Triple Economy Trucks!

Five proved, modern short-stroke engines offer important advancements to better keep Ford Trucks making money around the calendar, around the clock!

New Ford 6 1/2-ft. Pickup, Series F-100. New GVW of 5,000 lbs. gives it top load-carrying capacity in its class!

1. New Money-Making POWER!

Gas-saving short-stroke engines with billion-mile-proved operating economy!

Ford's modern short-stroke engines cut piston travel, cut internal friction, save gas! Easy-working Ford engines develop their high power from small cubic inch displacements—which normally means *less gas*. And for '55, new engineering results in still greater durability. Only Ford gives you a *proved*, modern short-stroke engine in every model. Four V-8's and a Six, up to 170 h.p.!

2. New Money-Making COMFORT!

Work-saving Driverized Cabs cut fatigue for easier, safer driving!

Again in '55, Ford's *Driverized* Cabs lead the way in comfort! Improvements include new full foam-rubber cushioning, with 5-in. deep seat and 3-in. seat back—yours in *Custom* Cab, along with 16 other "customized" features. Also at worth-while extra cost: new smoother *Fordomatic* Drive! Power Brakes even for half-tonners! Power Steering for most Big Jobs!

3. New Money-Making CAPACITIES!

Trip-saving, high-payload construction in the one right Money Maker for you!

From Pickups to 60,000-lb. GCW Big Jobs, new Ford Trucks for '55 give you high payload capacities. The new "1 1/2-ton" Ford 6 1/2-ft. Pickup, for example, has the biggest payload capacity of any Pickup: 1,718 lbs. New axles and springs, coupled with Ford's high-payload construction, make Ford Trucks better load carriers than ever. More pounds per load to save trips, boost your earnings!

Pauline Schroeder Of Carrollton Is Bride

CARROLLTON — Miss Pauline Schroeder, daughter of Mr. and Mrs. George W. Schroeder of this city, became the bride of Donald E. Langer, son of Mr. and Mrs. Louis J. Langer of Eldred, Saturday, Nov. 20, in a double ring ceremony performed by the Rt. Rev. Monsignor Michael Enright at St. John's Catholic church.

Miss Nita Ford of this city played a fifteen minute organ recital prior to the ceremony and was the accompanist for the soloist, Mrs. Eugene Graves of this city. Mrs. Graves sang "Through the Years" before the ceremony and during the ceremony "The Lord's Prayer" and the "Wedding Prayer."

The bride entered the church on the arm of her father. The pews on either side were decorated with greenery and white mums. The wedding vows were received before an altar formed of white mums and

greenery. The bride's gown was white lace over tulle adorned with sequins and pearls. The tight fitting bodice was fastened with a boat type neckline. Long sleeves tapered to points over the hands. The bouffant skirt was floor length. Her fingertip veil was secured to a coronet of lace, sequins and pearls. Her only jewelry was a single strand of pearls, a gift of the groom. Her shower bouquet was of white Fuji mums.

Sister Matron of Honor
Mrs. Newton Elliott of Alton, sister of the bride, was the matron of honor and Mrs. Dean H. Langer of White Hall, sister-in-law of the groom, was the second attendant. Both Mrs. Elliott and Mrs. Langer wore dresses identical in styling and color. Their gowns were fashioned of light blue crystalite with off the shoulder shawl collars and elbow length sleeves. The skirts were ballerina length and their hair decoration corresponded in color to their gowns. Each wore a single strand of pearls and carried a sower bouquet of bronze Fuji mums.

The flower girl was Barbara Alfeld, small daughter of Mr. and Mrs. Joe Alfeld of this city. Gregory King, son of Mr. and Mrs. E. L. King of Alton, was the ring bearer. The best man was Dr. Dean H. Langer of White Hall, brother of the groom. Clarence Kirbach of this city was the groomsmen. Ushers were Guy McCune, Alton, Joe Goeddey, Raymond Kirbach and Clem Wagener, all of Carrollton.

Reception at Church
Following the ceremony a reception was held in the dining room of the Methodist church after which Mr. and Mrs. Langer left on a wedding trip through the southern states. When she left Mrs. Langer was wearing a slate blue jersey dress with a matching tweed coat and black accessories.

Upon their return Mr. and Mrs. Langer will reside in the Hubbard apartments. Both Mr. and Mrs. Langer are graduates of the Carrollton Community Unit high school. Mrs. Langer attended Shurtleff College in Alton and Washington University in St. Louis. She is a member of the Alpha Iota sorority and the Soroptimist Club. She is employed by the C. J. Schlosser and Company in Alton.

Mr. Langer attended Bradley University in Peoria and is a member of Theta Xi fraternity. He is associated in business with his father in the L. J. Langer Lumber Company in Eldred.

Steeplejack Dies In 100 Foot Fall When Rope Snaps

BALTIMORE, (AP)—A 300-pound steeplejack died Monday night eight hours after a rescue line snapped and sent him plunging 100 feet from the top of a weather tower.

Peter Jekubs, 50, hung head downward and helpless for more than an hour after he had slipped on the tower and a rope, snarled around one leg, held him fast above the YMCA Anchorage Seaman's Building here.

The crowd which gathered to watch the attempts of firemen to rescue Jekubs moaned and screamed when the steeplejack fell to earth. One woman fainted.

Jekubs died of injuries that included a fractured skull, breaks of both arms, several ribs, bones in the lower body and a deep gash in his head.

A safety belt was buckled around Jekub's waist by two firemen and a rope fastened from a block-and-tackle to a hook on the safety belt. When a third fireman cut the halcyard holding Jekubs the steeplejack started to fall. His body twisted as it reached the end of the slack on the safety rope.

The combination of his weight and the twist pulled the belt hook out and Jekubs kept on falling, plunging down the airway in the middle of the building to the ground.

Ohio To Have Major Recount In Bender Slim Win

COLUMBUS, Ohio (AP)—Possibly the largest vote recount in Ohio history is scheduled to start soon. Secretary of State Ted W. Brown said. It concerns the narrow victory of Rep. George H. Bender (R-Ohio) over Democratic Sen. Thomas A. Burke for a U. S. Senate seat.

Burke has asked recounts in precincts spanning 25 of Ohio's 88 counties. Unofficial tallies show these include 6,853 of Ohio's 11,194 precincts. Burke reportedly posted almost \$69,000 at \$10 bonds per precinct for the recount. Bender was defeated by 8,041 votes in the Nov. 2 election.

Several county election boards announced plans to meet today to set a date for the new tabulation. In Washington, Democratic National Chairman Stephen Mitchell said the party's national committee raised \$50,000 for the Ohio recount. Burke earlier spent more than \$26,000 in bonds for the recount, some posted by certified check drawn on Burke's account in a Cleveland bank.

New 1955 Rambler Cross Country

Shown is the 1955 Rambler Cross Country station wagon, featuring modern styling refinements and outstanding maneuverability. According to George Romney, president, American Motors Corporation, the Rambler will become the first "basic volume car" sold and serviced by both Nash and Hudson dealers. The four-door Cross Country features a distinctive "stepped" roof-top line, highlighted by an auxiliary luggage carrier called the "Travel-Rack." In addition to the Cross Country, the Rambler line includes the four-door Sedan model in the 108-inch wheelbase series, and the two-door Suburban station wagon, Country Club hardtop and Club Sedan in the 100-inch wheelbase series.

RETURNS FROM MISSOURI

Mrs. George Hobkirk of N. Main has returned to her home from a Missouri hospital where she underwent surgery.

Two New Firms Hold Opening In Pittsfield

PITTSFIELD—The week ending November 20 was one of unusual activity in business circles here. Two new firms held their grand openings on the last three days of the week, the new *Seagram-Gale Super-Way Market*, in downtown Pittsfield and the *Oliver and Hobbs Garage and Automobile Sales*, on West Washington street. Both places were visited by great crowds, each of whom received favors.

R. B. Benton, proprietor of the Pike County Electrical Supply Company, which he has operated in the Mrs. Ray Colvin building on the west side of the square for the past eleven years, purchased the building vacated by the Nation Wide store at the northwest corner of the square, and will move his equipment business to that location. The Nation Wide Store was closed and had consolidated most of its stock and fixtures with the new Super Way market.

The Benson Motor Company in West Pittsfield, Zimmerman Brothers Garage and the Ford Motor Company, as well as the new firm of Oliver and Hobbs, all had their new 1955 model cars on display, attracting large numbers of people.

It was announced that Mr. and Mrs. Albert Ransom plan to open a new business to be known as "The Jack and Jill Shop," specializing in children's and misses wear.

The Anna Marie Beauty Shop has been moved into the Graham building on the north side of the square, from rooms in an apartment house on North Monroe street, where its proprietor, Anna Marie Miller, has operated her shop the past three years.

Albert McGinnis, proprietor of the Pittsfield Bowl, announced the opening of the restaurant in connection with the Bowl.

John Howell, who has been assistant manager at the Home Furniture Company for the past year, has now become its manager.

Ray Tarzwell of Jacksonville has assumed his duties as manager of the Pittsfield Foods Super—Marti and Bill Lemon, its former manager, will be found in charge of the Conoco Super station at the intersection of Washington and Madison streets.

Indian Dancers
Perry C. Allen, Jr., scoutmaster, and Scout Troop 18 are sponsoring the appearance of the Kahok Indian Dancers at the high school gymnasium on Friday and Saturday nights of this week. The dancers are members of Explorer Post 48, Cahokia Mound Council of Collinsville, Ill.

They have made a deep study of Indian lore and learned at first hand the technique of the Indian dances by going into the western states and Indian reservations during their summer vacations. In the dances to be presented here they will wear authentic Indian costumes of great beauty which they have created themselves. They have become so expert in their interpretation of the dances that they have appeared on many programs and before TV audiences.

This group from Collinsville presented a program here two years ago, which was received well by several hundred who attended it and are looking forward to their return engagement.

Personals
Mrs. Blanche Williams Ulrich of Los Angeles will arrive here on Tuesday for a visit with her brother, Circuit Judge A. Clay Williams. Mrs. Ulrich will be accompanied by Mrs. Bertha Adkins of Ashland, Ill., with whom she has been visiting. Mrs. Adkins is a niece of Judge Williams and Mrs. Ulrich.

Mr. and Mrs. Carl Thomas of Oklahoma street, visited their eleven year old daughter, Carla, on Sunday. Carla has been a patient in St. John's hospital in Springfield for the past three weeks where her ailment has been diagnosed as a light polio case. Her parents report that she is making a rapid recovery and that they hope to bring her home sometime in the next week or two.

Moose Served Buffet Supper By Auxiliary

The Women of the Moose served a cafeteria luncheon Sunday in the early evening after the Moose lodge celebrated its 8th anniversary with ceremonies in the morning.

Tables were decorated by the women using yellow and white and red roses. A lovely pink and white frosted cake was presented for the occasion by Mr. and Mrs. O. Ommen of Chapin. The luncheon included baked ham, potato salad, baked beans, etc.

In the evening entertainment was furnished by both organizations. A

skit was arranged with Moose members cooperating with the Women of the Moose in depicting an initiation ceremony with the men becoming members of the Moosettes. Assisting in the skit were officers of the Women of the Moose, Hollis Proffitt, Marie Strubbe, Fionnie Kirk, Lucile Rodems, Beulah Angelo and Alice Rueter. Also Moose members Laurence Myers, Ernest Proffitt, Clarence Temple, Marvin Scott, Carl Rousey, Clyde Smith, Jess Tribble, Ray Brogdon, Ruby Strubbe, Clarence Dove, and Al Rodems. Their escorts were Emma Lucas, Helen Templin, Frances Myers, Vera Mae Brogdon, Bess Wynn, L. Scott, Ruth Antle, Sarah Green, Helen Smith, Hazel Covey, Babe Tribble.

During the evening announcement was made that the Women of the Moose donated \$250 toward the building fund. Also that there will be Ritual Practice the evening of Monday, Dec. 6 at the Moose Home. Alice Reuter is the ritual chairman. The Women of the Moose will have formal initiation at the next meeting to be held at 7:30 p.m. Tuesday, Dec. 7.

Thefts Continue At Jerseyville; Station Robbed

JERSEYVILLE, Ill.—Another in a series of local robberies in the Jerseyville business district occurred some time early Saturday morning when burglars broke their way into the Standard Filling Station on North State Street.

Entrance was effected by breaking a rear window. After shattering the glass the burglars carefully removed all the glass fragments from the frame before crawling through the opening into the station.

After entering the place he rifled the cash register and obtained \$82.75 in bills and silver.

The burglary is the fourth in a series committed during the past week. Other places burglarized on various nights are Veterans of Foreign Wars Home, Schwarz and Self law offices, Nettles Beauty Salon, offices of Dr. Ferdinand Gorecke, and Jacobs and Mundy office.

The robbery of the Standard Filling Station was discovered about 5:45 a.m. Saturday by Kermit Couch, operator of the place, when he arrived to open the station.

Routt Overcomes Early Lead To Cop Season's Opener In IC Gym

The Routt Rockets got their basketball season under way last night at the Illinois College gym as they overcame a first period lead of Bluffs to defeat the Bluejays 55-51 in a PMBC Conference battle.

The game started slow as both teams appeared to be a little shaky. However before the evening was over there was nothing slow about the play of the teams.

Free throws in the opening quarter put the Bluffs five ahead 12-8. At the beginning of the second period, quick baskets by Dowling and DeVore gave the Rockets a slight lead and the game was tight from this point on. At halftime the hosts enjoyed a 25-24 lead.

The third quarter was a continuation of the second period. The fine shooting of Shanahan and DeVore, plus the rebounding of Dee kept the Routt club battling with the visitors. Likes and Kesterson had

dominated the boards early in the game.

The Rockets went into the final two minutes with a four point margin and played a control type of game to keep their lead. The Bluffs five was forced to foul the hosts for a chance at the ball and DeVore's final two gtt shots put the clincher on the hard fought contest.

Several of the players seemed to be in mid-season form. Likes led the scoring for the evening with 16 points and played an outstanding game on the boards until he fouled out late in the game. Kesterson, also of Bluffs, played well under the hoop.

For the Rockets, it was a five man scoring club and a five man floor game. Dowling, DeVore, Shanahan, and Dee teamed with Cosgriff, who entered the game just before the half, to divide the scoring honors for the Smarjesmen.

In the Preliminary, the Routt Rockets broke loose in the fourth period to wear the Bluejays out and defeat the visitors.

Ohio State, UCLA Dominate Weekly Poll

By THE ASSOCIATED PRESS

Ohio State, ruler of the Big Ten, heads The Associated Press week-by-week football poll Tuesday for the second straight week. If the Buckeyes can remain No. 1 in the final poll next week, they'll become the mythical national champions for the second time since the AP rankings were inaugurated in 1936.

This week's semifinal poll showed Ohio State the No. 1 team on the ballots of 115 of the 250 sports writers and broadcasters participating.

On the basis of 10 points for first, nine for second and on down, Ohio State rolled up 2,259 points, just 97 more than for UCLA, champions of the Pacific Coast Conference. UCLA received 85 first place votes and 2,162 points. A week ago Coach Woodrow Hayes' Bucks topped the Uclans by the slim margin of only 7 points.

A third major undefeated and untied team, Oklahoma, drew the No. 3 spot with 31 first place ballots and 1,953 points.

After Oklahoma came Notre Dame, Army, Navy, Mississippi, Wisconsin, Baylor and Maryland

to round out the top 10.

The only other Ohio State team to be voted No. 1 at season end was the Buckeyes of 1942, during the dynasty of Paul Brown, who moved on to establish the mighty Cleveland Browns of professional football.

The leading teams with first place votes and won-lost records in parentheses:

- Ohio State (115) (9-0) 2,259
- UCLA (85) (9-0) 2,162
- Oklahoma (31) (9-0) 1,953
- Notre Dame (4) (7-1) 1,599

Tackles — Jerry Babel, Millikin, and Dick Holt, Wheaton.

Guards — Chuck Hartley, Illinois Wesleyan, and Dwight Nyquist, Wheaton.

Center — Grant Vickrey, Illinois Wesleyan.

Backs — Bob Rayunas, Lake Forest; Ted Smith, Millikin; Bob Schill, Lake Forest; and Dwight Bornemeier, North Central.

Grimsley Picks Army Over Navy, Notre Dame To Win Saturday

By WILL GRIMSLEY

HONOLULU (P) — What better place to pick the winner of the Army-Navy football game than on the beach at Waikiki, with a coconut for a crystal ball and strumming ukuleles for inspiration.

It's a brief stop here en route to the Australian Davis Cup wars where a year ago we picked Uncle Sam to win for a 9-1 mark and .000 percentage.

Let's hope for better football luck.

Army over Navy: This is the best service game in years. Army.

Paul Andrews Faces Jicy Maxim Tonight In Chicago

CHICAGO (P) — Hard-punching Paul Andrews of Buffalo, N. Y., tabbed a "sleeper" threat to heavyweight champion Rocky Marciano, Wednesday night gets measured for class against former light heavyweight champion Jicy Maxim.

Maxim is a 7-5 favorite in the 10-round match at the Chicago Stadium which will be televised nationally at 9 p.m. CST.

Andrews, 24, who has flattened 19 opponents in winning 29 of 32 starts, currently is ranked third behind the No. 2 Maxim among contenders for Archie Moore's light heavy crown.

Marciano and his manager, Al Weill, are reported interested enough in Andrews' potentialities as a heavyweight menace to view Wednesday night's proceedings from ringside.

Whether the 32-year-old Maxim has faded enough to be just a trial horse will be determined against the up-and-coming Andrews. Maxim in his last start administered the only defeat yet suffered by Olympic champion Floyd Patterson.

Andrews will weigh about 177 and Maxim approximately 182.

Oklahoma End Lineman Of Week

By THE ASSOCIATED PRESS

Max Boydston, who has been playing a terrific game at end for Oklahoma all through an all-winning season, turned in a peak performance last Saturday against Nebraska and earned the designation as Associated Press lineman of the week.

It was an all-around performance in a runaway game that caught the eye of the sports writers and broadcasters nominating players for the lineman of the week honor.

Boydston scored only one touchdown, as the Sooners cleared their bench against Nebraska. But he threw a key block that aided in another score, caught four passes for a total of 83 yards and played a whole of a game on defense.

Other linemen singled out for special attention were Frank Minicich, South Carolina's huge powerful guard; and Ron Kramer of Michigan and tackle Dick Hinkins of Ohio State.

Alston Will Stay In Brooklyn

BROOKLYN (P) — Walter O'Malley, president of the Brooklyn Dodgers, said Tuesday that Walter Alston will be retained as Dodger manager for 1955 under a one-year contract.

O'Malley did not divulge the terms.

Roegge, Rampley Named On News Gazette's 19th Annual All-State Picks

CHAMPAIGN, Ill. (P) — Thirty-three players were named today on the 19th annual all-state high school football team selected by the Champaign News-Gazette.

Fenger and St. George of Chicago each landed three players on the team announced by Sports Editor Jack Powell. Mount Carmel of Chicago and East St. Louis won two positions apiece.

The selections:

Ends: Dave Kocurek, Morton of Cicero; Rich Kreitling, Fenger; Larry Stewart, Galesburg; Dave Timok, East Aurora.

Tackles: Lee Jurka, St. George; John Marcinak, Mount Carmel; Ron Nietupski, Fenger; Palmer Pyle, New Trier of Winnetka; Mike Rabold, Fenwick of Chicago; Bob Salata, Waukegan.

Guards: Dick Bennet, Thornton of Harvey; Jim Bennett, LaSalle-Perrin; Dick Hult, Princeton; Dick Purcell, Hinsdale; Jim Waddington, Evanston.

Centers: Bob Nelson, Oak Park; Jim Sims, East St. Louis.

Quarterbacks: Bill Hare, Mount

with Pete Vann's passing and the dynamic running of Tommy Bell and Bob Kyasky, explodes faster and bigger than the Midshipmen. But watch out for Navy's Coach Eddie Erdelatz—he usually kicks up a surprise for his old service enemy.

Notre Dame over Southern California: We go with the Irish on the theory that the Trojans were "up" for their traditional game with UCLA last week and won't be able to reach the same psychological level.

Rice over Baylor: Dickie Moe-gie's running should give the Owls a touchdown edge.

Maryland over Missouri (Thursday): the split T pupil, Jim Tatum, teaches the teacher, Don Faurer, some tricks.

Southern Methodist over Texas Christian: Frank Eldom and Don McElhenny give the Mustangs needed punch in a close game.

The others:

Thursday

Colgate over Brown, Cornell over Penn, Texas over Texas A&M, Denver over Colorado A&M, Utah over Utah State.

Friday

Nebraska over Hawaii.

Saturday

South Auburn over Alabama, Georgia Tech over Georgia, Miami (Fla.) over Florida, Mississippi over Mississippi State, Duke over North Carolina, South Carolina over Wake Forest, Tennessee over Vanderbilt, LSU over Tulane, West Virginia over Virginia.

Southwest Arkansas over Houston, Oklahoma over Okla. A&M.

Big Ten Offensive Honors To OSU

CHICAGO (P) — Unbeaten Ohio State Tuesday had a new honor — the Big Ten statistical championship on offense — to go with its conference football title, Rose Bowl representation and No. 1 national ranking.

Final official league statistics showed Ohio State first in rushing with an average of 239.1 yards in seven conference games and first in scoring with a 26-point average.

But the Buckeyes were out-gained by Purdue 318 yards a game to 310.

Purdue, averaging 17.8 points in six league games, piled up its gain on passing with a leading average of 184.3 yards. The Boiler-makers averaged 133.7 on the ground. Their average per play was 5.02 yards which topped the Buckeyes with 4.92.

Michigan, tied for second place, officially was rated the Big Ten's No. 1 defensive team, based on opponents' average points against them (8.7), yardage (225.7) and first downs (11.9).

Wisconsin, however, actually led in opponents' yardage, yielding 223.1 a game, and Ohio State gave up the fewest points, 7.9.

Rangers, Chicago Complete Trade

NEW YORK (P) — The New York Rangers and Chicago Blackhawks of the National Hockey League Tuesday completed a trade that sends defenseman Alan Stanley and Nick Mickoski to Chicago in exchange for Pete Conacher, a forward, and Bill Gadsby, a defenseman.

Chicago also will receive one player from a Ranger farm club, to be named, at the end of the current season.

The Illinois School for the Deaf Tigers overcame a slight first half lead by the Waverly Scotties to defeat the Waverly Scotties 60-58 in the season's opener for the two schools.

The game was close throughout. The Tigers enjoyed a one point lead in the first period but the Scotties came back in the second period to move ahead of the Tigers.

The Waverly five put on a splurge in the third period to jump ahead of the hosts 38-32. However, buckets by Phelps and Zachariasen kept the hosts in the game and the score was tied 41-41 at the end of the third period.

In the final period the lead exchanged hands several times. Jack Rampley, playing with a heavily taped leg, sparked the Tigers in the fourth quarter as he scored seven points. Duncan added five in this last minute effort of the Tigers.

Holloway of Waverly was equally as good in this final period as he scored six of his 9 total points.

Rampley and Robertson were the big guns for the evening with 18 points each. Mehring, a Tiger freshman, added 16 for the winners while Hall scored 12 for Waverly.

The Tigers play host to the Roodhouse Railroaders tonight in the deaf gym. Game time 7:00.

New York Stock Market

NEW YORK (AP)—The stock market rolled merrily upward Tuesday to another new high since 1929.

Bullish forces took over at the start and, pushed selected issues to gains of \$3 to \$4. Volume mounted to 3,760,000 shares, one of the largest figures for the year.

In the forefront of the rise were numerous blue chips—Standard Oil (New Jersey), up 3 1/2 at 103 3/4; General Motors, up 2 1/2 at 92 3/4; DuPont, up 4 1/4 at 154 3/4; and U.S. Steel, up 1 1/4 at 68 1/4.

The Associated Press average of 60 stocks ran up \$1 to \$145.90, the best level since Oct. 14, 1929, when it stood at \$146.80. The industrials were up \$2 at \$66.20—all new highs for the year.

Actually, the AP industrial average is far above its 1929 high of \$146.90. But the rails are well below the '29 peak of \$153.90 and the utilities much lower than the \$184.30 touched 25 years ago.

The number of issues traded set an all-time record at 1,271. There were 692 advances and 320 declines. New highs totaled 200, new lows 5.

Brokers attributed much of the buying to the apparent conviction of traders and the public that stocks are going higher and higher. Aiding this bullish sentiment was a steady stream of good dividends and earnings reports.

American Stock Exchange prices were mostly higher. Volume was 1,150,000 shares compared with 1,220,000 shares traded Monday.

CHICAGO LIVESTOCK MARKET REPORT

CHICAGO (AP)—Trading in live hogs was slow and uneven Tuesday, with prices on butcher hogs mostly were at \$18.50 per hundred pounds and above for choice No. 1 and 2 to 220-pound butchers. About a double deck of choice mostly No. 1 210 to 220-pounders sold at \$19.25, the top.

Sows were 25 to mostly 50 cents lower. Most sows around 400 pounds and lighter brought \$16.00 to \$16.75.

Slaughter steers and heifers were unevenly steady to 25 cents higher in rather active trading. A few loads of average to high prime steers sold at \$30.75 to \$31.50. Cows and bulls were steady to 25 cents up. Vealers held about steady.

Slaughter lambs held steady and sheep were 50 to 75 cents higher in a fairly active market. Good to prime woolled skins brought \$18.00 to \$20.50. Good and choice slaughter sheep sold at \$6.00 to \$6.50.

Salable receipts included 18,000 hogs, 8,000 cattle, 400 calves and 3,000 sheep.

GRAIN, BEAN FUTURES HIGHER. CLOSES WITH MIXED PRICES

CHICAGO (AP)—Grain and soybean futures prices were higher most of the time on the Board of Trade Tuesday but selling near the close left prices mixed.

Wheat was higher most of the day on commission house buying influenced somewhat by dry weather in the Southwestern winter wheat belt. The fairly heavy liquidation and lower prices Monday also were believed to have brought some buying into the market because of the lower prices.

Corn was firm most of the day, and oats held up with corn. Soybeans climbed around two cents a bushel in early trade but backed down near the close.

Wheat closed 1/4 higher to 1/2 lower, corn up 1/4 to 3/8, oats 3/4 ahead to 1/2 lower, rye unchanged to 1/2 lower, soybeans 3/4 higher to 1/2 lower, and laid 10 to 22 cents a hundred pounds off.

The government weekly weather report said the second consecutive warm, dry week had caused a further decline in moisture conditions. Good rains are needed before the freeze-up, the bureau said.

Trade sources said producers apparently are holding their soybeans on the farm. A growers association said some beans stored in northern sections of the soybean belt face danger of spoiling.

New York Bond Market

NEW YORK (AP)—The bond market was thoroughly mixed in heavy trading Tuesday.

Investment quality industrials and utilities declined while most convertible and income obligations, especially railroads, gained ground.

"Big Board" volume increased to \$5,950,000 par value from \$5,250,000 Monday.

U. S. government securities lost small fractions over the counter.

Radio, Cigarets Taken At Orleans Grain Elevator

The office of the Orleans grain elevator was burglarized Monday night, with a loss of two or three dollars change and several articles of merchandise, Francis Kaiser, manager of the elevator, discovered the burglary about 7 o'clock Tuesday morning and called the sheriff's office.

Missing from the elevator are 50 cartons of assorted cigarettes, a set of socket wrenches, and a Mitchell table model radio.

A jacket was also taken from the office, but it was found near a fence not far from the elevator.

Deputies Harry Timmons and Ross Crowcroft went to Orleans to make an investigation. The deputies said the burglars broke a window on the north side of the building, reached through the opening and worked the lock.

Speaks To Board On Delinquency Problem

Miss Naomi Hiatt of Springfield, executive secretary for the Illinois Commission on Children and Youth, was the speaker for the monthly meeting of the Advisory Board of the Morgan County Child Welfare Services Monday noon in the County Fair Room of the Dunlap Hotel.

Forty-six governors complied with the recommendation of the last White House Conference that each governor appoint a citizens' commission for consideration of the problems facing children and youth which require federal and state legislation. Miss Hiatt is executive secretary for the commission appointed by the governor of Illinois.

"Six ways have been listed most frequently by citizen groups across the nation," Miss Hiatt quoted from a federal publication, "in a recent survey of how they believe programs for treatment of delinquent children and for prevention of delinquency need to be improved in their states. These ways are to:

- (1) Give more police officers special training in juvenile control;
- (2) Provide proper detention facilities for every community;
- (3) Increase probation service by well-trained workers;
- (4) Improve training school programs by means of better equipment and trained staff, with increased use of casework and psychological services in treatment;
- (5) Heighten coordination of effort on both the State and local levels by councils of persons and agencies serving children and youth;
- (6) Extend mental hygiene services for all ages as a preventive and early treatment measure.

She described studies and experiments which are being made by citizens volunteer groups in a number of Illinois counties and expressed the hope that Morgan County might undertake a similar project.

Harold J. Hembrough Injured In Accident

An accident Sunday afternoon left six motherless children without the care of their father and put Harold J. Hembrough in the hospital suffering with six broken vertebrae. Mr. Hembrough, who lives a quarter mile from the Asbury church, was injured at the John Lewis farm, north of Jacksonville.

The accident occurred as Hembrough, 38, attempted to enter a trailer truck in slow motion when its air-brakes failed. He was caught in some manner between the moving truck and a gas pump.

Hembrough and Raymond Lewis, son of John Lewis, were loading hogs into two trucks to take the stock to St. Louis. Hembrough had just pulled away from the gas pump after refueling his truck and noticed the truck being driven by Raymond Lewis was stuck. He applied the air-brakes on his truck and left the vehicles to help his working partner. After leaving the truck he then noticed that the air-brakes had failed and the vehicle was moving. The accident occurred as he attempted to mount the moving car and halt its progress.

John Lewis and his son, Raymond, summoned an ambulance which took the injured man to the Passavant hospital. X-rays revealed the extent of his painful injuries.

Hembrough's children range in age from 6 to 15 years. The children's mother died several years ago.

The injured man is the son of Mrs. Flora Hembrough, 904 North Prairie street.

The Community Council of Churches, which includes Mt. Emory Baptist, McCabe Methodist and Bethel A.M.E. church, will hold services at Bethel A.M.E. church Thanksgiving Day, Thursday, Nov. 25, at 11 a.m. o'clock.

The three church choirs will furnish the music which will accompany the worship and preaching. The public is invited to attend.

Rev. E. E. Thompson is pastor of Mt. Emory Baptist church; Rev. R. N. Dale, pastor of McCabe Methodist church; Rev. M. Boyd Patrick is pastor of Bethel A.M.E. church.

Hennel Funeral At Carrollton

CARROLLTON—Funeral services for Mrs. Catherine Hennel, wife of Norman Lee Hennel, were held Saturday at 2 p.m. at the Mehl Funeral home with the Rev. Robert Wagner officiating.

Everett Mehl was the soloist for the service with Mrs. Lela Thien as the accompanist.

The pallbearers were Ray Carter, William Behnen, Ronald Darr, D. Darr, John B. Andrews and Herman Huff. Burial was in Richwoods cemetery.

PLEADS GUILTY TO FORGERY CHARGE

CARROLLTON—Jerry Hurt pleaded guilty to a forgery charge before Circuit Judge Clem Smith. The defendant filed a motion for probation and the cause was referred to the probation officer for investigation.

Hurt was indicted by the grand jury as the result of a check dated Sept. 18, 1954 payable to himself in the sum of \$15 on the State Bank of Eldred and purported to be signed by Nelburn Hurt by Vivian. The check was passed to Dorothy Bozzardi at the Dairy Bar for merchandise.

HOLLYWOOD (AP)—Mr. and Mrs. Young Willhoite III are the parents of a daughter, Laura Jean, thus making comedians George Burns and Gracie Allen grandpa and grandma.

The Burns' daughter, Sandra, 20, gave birth to the 6 pound, 9 ounce baby Monday night.

Sandra and Willhoite, 25, a film production executive, eloped and were married in Las Vegas, Nev., in August, 1953, surprising her parents who had ordered invitations for an October wedding.

Ike Seems To Hint Court Will Listen To South's Plea

WASHINGTON (AP)—President Eisenhower, in a surprise comment on what the Supreme Court might do, said Tuesday he believes it will not be arbitrary in its final ruling on how to end racial segregation in public schools.

He also told his news conference he understands the court is trying to find some sort of decentralized process to handle the problem. He said he believes the emotional and practical problems involved will be given weight by the court.

There was no indication of what was the basis of Eisenhower's belief and understanding. Traditionally, court justices never talk to anybody about a pending case, and Presidents refrain from comment on possible future court decisions.

On the surface, Eisenhower seemed to be hinting that the court may listen sympathetically to the argument of Southern states that much time will be needed in making any shift from segregated schools to nonsegregated.

Attorneys for Negro parents in the school segregation cases told the court Nov. 15 they would be willing to postpone desegregation until next September, but no longer.

Legislative huddles—More conferences are planned with Republican legislative leaders in advance of the next Congress, the President said, but not on what he termed as formidable a basis as a three-day session last December when his program was new. As for consulting Democrats who will be come chairmen of congressional committees, Eisenhower said advance agreements will be sought on foreign affairs and national security matters but others will be on their merits at the particular moment.

CARDINAL STITCH AGAIN GETS NO. 1 LICENSE PLATE

SPRINGFIELD, Ill. (AP)—The No. 1 Illinois automobile license plate has been assigned again to Samuel Cardinal Stritch of Chicago. He has held it the past eight years.

Secretary of State Charles F. Carpenter Tuesday announced the assignment of 98 of the first 100 license numbers for 1955.

When the entire list is completed, there will be only three changes. One of them is No. 3, which Carpenter assigned to his wife. The number was held by Mrs. Winifred R. Hughes, widow of former Secretary of State Edwards J. Hughes. Mrs. Hughes died this year.

No. 6, held by the late Herbert Barthold of Springfield, and No. 52, held by the late Carl Meyer of Chicago, have not yet been assigned.

RETURNS BOOK MISSING FOR 36 YEARS

DALLAS (AP)—After a 36-year absence, a book was back on the Dallas Public Library shelves Tuesday.

With it came a letter saying not to expect payment of the \$262.94 fine that had accumulated in overdue fees at two cents a day since the date of the checkout in October 1918.

T. K. Irwin Jr. of Dallas, who found the book in cleaning out an old law office, said he didn't check it out since "I was only 2 at the time and unable to read."

The title of the book—"The Model T Ford."

SOUTHERN ACCENT COSTS DEER HUNTER

GREEN BAY, Wis. (AP)—Virgil Williamson's southern accent cost him \$107.50 Tuesday.

Williamson was weighing in a deer he'd killed, entering the animal in a local big buck contest, when conservation Warden Jim Miller decided Williamson's accent and his Wisconsin resident hunting license didn't match.

Pleading guilty in Municipal court to a charge of filing a false affidavit, Williamson admitted his home was in Murphysboro, Ill., near the Kentucky line.

ATONEMENT AFTER 22 YEARS

LOUISVILLE, Ky. (AP)—A taxicab company Tuesday received a letter containing \$16 and this note: "Found \$16 under seat of cab in 1932. Was only looking into cab . . . Please forgive."

The letter bore a Louisville postmark but no signature or address. The cab company manager, said the money would be donated to charity.

agents recruited by the Free China movement, which the Peiping radio termed a U.S. espionage organization based in Hong Kong.

By the Peiping account, Col. Arnold was the commanding officer of the 581st Supply and Communications Wing of the U. S. Air Force, "charged with the task of carrying out espionage in the service of the U.S. Central Intelligence Agency" against Red China and the maritime areas of the Soviet Union in the Far East.

Madness In The Springs

By Elmore Denniston

PERHAPS it was because Daggett was not well, perhaps it was the rain—a heavy, gray, discouraged sort of rain—that threw a pall over everything. For the first time, the holiday spirit was lacking, something of the sodden atmosphere crept indoors.

After breakfast, Greg closed the door of Daggett's room while he shaved him. He suspected that nothing was really wrong, that the old man was doing a spot of malingering to make Hannah believe that she was needed, but it was not a subject Greg intended to broach.

It was Daggett who asked, "Hannah isn't going to leave us, is she?"

"She hasn't said anything about it," Greg straightened up the little room without looking at him.

Daggett peered at the park which was rapidly becoming a sea of mud with dark puddles forming in it. Rain fell on the two other trailers, a large fancy one and a medium-sized trim one.

"And to think," Rupert burst out from the doorway, with the first trace of irritability he had displayed, "that we have driven for weeks through land where a man could put down roots, where he could stay his life long. What is wrong with these people?"

"If Americans hadn't moved on," Kirby chimed in lightly, "we'd still be sweating it out in Europe. So, as a matter of fact, would you."

"Sweating it out?" There was a red glint in Rupert's narrow eyes. "What does a phrase-monger know about sweating it out?" Lap dogs are always protected."

Startled by Rupert's venomous tone, Kirby looked at him in a frank astonishment. Greg knew that there was no possible meeting ground between the two men because there was no way of

"What do you mean—\$5000?" Greg asked.
"I just heard on the radio that there is a prize of \$5000 for the best slogan for Crain's Canned Cornbread. How do you begin?"
"First," Daggett suggested, "you sample the cornbread."
"Not if you want to be able to write about the stuff," Hannah warned him.
"Then how?" Rupert insisted.
Greg smothered a grin. The idea of Rupert developing an advertising slogan for his stepfather amused him. With his customary reticence he had never mentioned, even to Daggett, his relationship to Horace Crain.
"There's your chance," he said. "You are hipped on getting into big business and making people want something. Try cornbread. But if you'd really like to hit the jackpot, work out a new kind of television program."
"Perhaps I will do that. Businesswise I am in the groove." And the general irritation was washed away on a wave of laughter.

DAGGETT, who had been turning idly the pages of his battered Montaigne, wondering what was the use of more books when everything had been said by Montaigne anyhow, put down his book. His deep voice boomed unexpectedly. "We are going to the Badlands," to be specific, we are going to Dead Man's Gulch."

Greg turned to look at him; the old man met his eyes half defiantly, half boldly.

"He's scared, Greg thought. The poor old guy is afraid to see the place again. We've got to do something, to make it right for him. He peered closely at the map.

"We'll lay out a route as soon as you feel up to it."

"I am ready to go when you are," Daggett called, hastily discarding the fiction of his illness. "Not yet," Hannah wailed. "I've put a cake in the oven. I thought just once there would be time to do some baking and get a proper meal, a roast of beef and popovers and everything."
